

### ***Deeper understanding of Rahanni Level 3***

*What it is and what it is not!*

*Rahanni Level 3 is not offered as a deeper level for clients; for the Practitioner and Teacher will continue with the way of healing and teaching as before, but this Level 3 is for the Teachers personal expansion by connecting to the 6<sup>th</sup> Dimensional level of understanding allowing the mind and body to raise its vibration where adjustments will be made to their ascension vibration.*

*By connecting to the third level you will add so much more Love and Light to the Ascension Flame – how amazing is that! Serapis Bey explained that in these most challenging times on earth more Love and Light are required to release the pain and suffering across the globe. This is our opportunity to help humanity raise its vibration and to help open their eyes to the pain and suffering that is still going on daily.*

*Serapis Bey has asked me to offer another special attunement day in the Spring of 2026 so for those of you that were not able to get a ticket for this year, then do keep watching my website for the next date.*

*Love and Blessings*
