

Creating a Crystalline Grid of Light

You may ask, why create a Crystalline Grid, what is its use?

They are amazing and not only can you create one for personal use but to create one for the planet will help anchor much needed Light at these most challenging times.

So what is a Crystalline Grid? It is a process of laying out crystals in a specific pattern, matrix or grid for helping with our personal ascension process, healing and spiritual acceleration. Also it is most beneficial for creating a grid for the planet, helping with the raising of the vibration towards the 5th Dimension, releasing and letting go of all negative energy and dark vibrations to that of pure unconditional Love and Light.

Creating these Grids will help you to connect to the Golden Ray and Christ Consciousness and as long as everything is done with integrity with love from your heart, those vibrations will go out into the ether and help create what you have asked for. It could be for healing for yourself or you could be looking for a change of direction, maybe a new job, house move or to bring a special person into your life. The Crystalline Grid is a network of Light frequencies that are 5th 6th dimensional, criss crossing over the planet. This is a beautiful way of anchoring Divine Light for you as an individual, but can be amazing when you come from your heart centre and ask for healing for the planet, the animals and humanity. The more Light workers that can create these grids the quicker the ascension of this planet will take place.

You can create your Grid on a picture of Metatron's Sacred Geometry or a picture of The Flower of Life. As long as it is for the highest good something will be activated, just trust. Go to a reputable crystal shop to search for the crystals you feel you need, if you are not sure, then speak to the assistant as they are usually very clued up on specific crystals for either health issues or global issues. They will advise you how to lay the Crystalline Grid out to get the perfect outcome.

Every part of your physical body is governed by the Central Nervous System, everything sends messages to areas within our mind and body that can help in positive ways to repair any of your systems that are out of balance.

Where a Grid crosses on the planet it creates a Portal and doorway into other realms of existence, but to keep things basic when you first start try to create a personal grid for healing and see how you feel after a few days. Then maybe create another grid with the planet in mind and choose the relevant crystals for that situation. Have fun with the grids but remember, the grids on the planet will be affected by the thoughts and deeds of humanity. Send only loving and positive thoughts for a positive outcome.
